Dear colleague,

Enclosed, you will find some brochures, containing useful information about the University of Córdoba (Spain), to help the students from your University that intend to attend some courses in the frame of the Socrates/Erasmus programme. Also please, find the student Guide 2008/2009 of the Faculty of Sciences and the Institutional Key Data of our Institution.

The autumn semester starts in the last week of September, and the spring semester in the last week of February. The University of Córdoba offers an intensive Spanish language course in October and February from which you can find information by contacting to idiomas@uco.es and sildiarc@uco.es. Students can get more information through our web-site: <http://www.uco.es/organiza/centros/ciencias/>.

We will be very pleased to welcome your Erasmus students at the Faculty of Sciences of the University of Cordoba the next academic course 2008-2009.

I look forward to continuing our fruitful co-operation.

Yours sincerely,

Mª del Carmen Quintero
Vice-dean of Institutional Relations and students
